RAINBOW OF WINNEBAGO MINNIES BRIGHTEN UP NSW SUPERSHOW

For the first time ever in Australia, the full colour spectrum of **Winnebago RV Minnie** caravans will be available, appearing at the 2015 NSW Caravan, Camping and Holiday SUPERSHOW between April 11-19.

CEO Luke Trouchet said he was looking forward to introducing the Minnie's to the estimated 80,000 visitors expected to attend the Supershow.

"The NSW show is Australia's biggest, and we know the Minnie's will stand out not only because of their dynamic colours, but because this is the first year Australian's have had access to authentic Winnebago-built product, straight from the USA," he said.

Mr Trouchet said the quality and price of the Minnie's made them an excellent choice for long and short term travellers.

The full colour range of the **Winnebago Minnie** caravans includes tangerine orange, lime green, racing red, sunshine yellow, baby pink and the more traditional platinum grey.

Already a huge hit in the USA due to their adventurous styling and bright colour options, the **Minnie** caravans are designed and manufactured by Winnebago Ind. in the USA and custom-modified specifically for Australian conditions, with brand new interiors built not only to withstand the tough Australian climate, but also with traveller preferences and design aesthetic in mind.

The **Winnebago RV Minnie1806AUS** packs a studio-style apartment into its 5.8m frame. Designed for adventurous couples, this compact, easy-to-tow caravan does not sacrifice on features, offering a queen size bed, full kitchen, dinette and corner ensuite.

Apartment-style living is on offer in the **Winnebago RV Minnie 2106AUS**, which features a high quality Schwintec electric slide-out partition, increasing living space when not travelling. The compact design allows for a Queen Island bed which ensures comfortable sleeping every night.

Under its sleek exterior, the **Winnebago RV Minnie 2206AUS** affords a highly functional mid-sized layout with makes the most of its interior space. The spacious kitchen with a large fridge, basin, stove top, oven and microwave are combined with a large U-shape dinette, making entertaining easy. A generous bathroom allows space for dressing, while the partitioned bedroom creates privacy without compromising on space.

At the top of the range, the **Winnebago RV Minnie 24016AUS** offers contemporary styling with clever use of design and comfort for the traveller including slide-out, café style dinette, ensuite and modern soft furnishings. Bring the family, because this Minnie has space for everyone; with a cozy semi-private Queen island bedroom and a double bunk bed for the kids. Generous storage maximises space and the light, airy and function interior makes long term travel a pleasure.

Enquiries for **Winnebago RV** can be made by phoning 1800 825 867 or at www.gowinnebago.com.au
