

WINNEBAGO RV PTY LTD DEALERSHIPS ROLL OUT IN AUSTRALIA

Winnebago RV Pty Ltd has officially hit the road in Australia. A rapidly expanding multi-national network of official dealerships is making the entire 2015 range of official Winnebago motorhomes, campervans and caravans available across Australia and in New Zealand.

Leading the range, the brightly coloured Winnebago Minnie caravans, fully imported from the USA, have been through a rigorous process to make them compliant with Australian caravan standards and to appeal to Australian travellers. Available in two-, four- and six-berth models, with exterior colour choices of bright red, orange, lime green, pale pink and hot yellow, along with cool grey and white, and plush interiors, Winnebago Minnies are already attracting plenty of attention from dealers and customers who are excited to see these new classic caravans available now.

Winnebago RV has designed and built an entire new range of five motorhomes and two campervans in Australia, each proudly bearing the licenced Winnebago trademark. Named after iconic Australian beaches, the Winnebago RV motorhome and campervan range offers something for every traveller, and is gaining positive feedback from customers who appreciate the quality and craftsmanship available at reasonable prices.

A highlight of the motorhome fleet is the Winnebago Airlie, a beautiful two- or four-berth motorhome designed for the entertainer with a fully-equipped kitchen filled with high-end appliances and a comfortable rear club lounge easily seating six. In the evening, a queen-size bed descends from the ceiling at the press of a button, transforming the rear of the motorhome into a peaceful bedroom.

CEO Luke Trouchet says dealers around Australia and New Zealand are very excited about the Winnebago RV range.

"Bringing the world's largest RV company to Australia and New Zealand is one of the most exciting developments for the RV industry in both countries," Mr Trouchet said.

"We are thrilled to be establishing a network of reputable, respected Winnebago RV Pty Ltd dealerships – it's a real win for RV enthusiasts," he said.
